

5. A copy of this permit must accompany all shipments authorized under this permit.
6. The soil is to be shipped in sturdy, leak-proof containers.
7. CBP-AI and PPQ have the option to order and approve treatment, re-exportation or destruction of a shipment, a portion of a shipment, or any other material associated with the shipment (i.e. pallets, packaging, means of conveyance). This will be done if the official personnel find that the shipment requires treatment as a condition of entry, is contaminated with a quarantine plant pest or pests, is commingled with prohibited plant material, or if required documentation is incomplete or missing.
8. The shipment must be free from foreign matter or debris, plants, noxious weed seeds, and living organisms such as parasitic plants, pathogens, insects, snails, and mites. Material found to be commingled with unauthorized material will be subject to the same action (i.e. re-export, destruction) as the unauthorized material.
9. All solid wood packing material (SWPM) present with this shipment must be in compliance with ISPM 15 treatment and IPPC stamp requirements and enforcement. Noncompliant shipments will be treated, re-exported or destroyed at the consignee's expense.
10. All costs and arrangements for the safeguarding of the cargo and the transportation of the cargo are the responsibility of the importer, broker, or other parties associated with the shipment.
11. The shipment can be released without treatment at the port of entry to the permittee's address listed on the permit or label, or an authorized user only if the final destination is an approved facility listed at <https://web01.aphis.usda.gov/PPQ/AuthSoilLabs.nsf/web?openform>.
12. Permit is to be utilized by Lori A. Palmer or authorized user only (authorized users must present a written, dated, and signed statement on letterhead from the permittee, along with a valid ID and a copy of this permit).
13. There is no further distribution of soil without prior approval from the State and Federal Regulatory Officials. Soil is to be used strictly for analysis in a laboratory environment at Sunlabs, Incorporated located in Tampa, FL.
14. Upon receipt, all samples will remain within the approved soil laboratory identified on this permit. Laboratory access is restricted to individuals authorized by the permit holder.
15. This permit does not authorize the use of soil for growing purposes and or the isolation or culture of organisms sourced from imported soil.
16. All unconsumed soil, containers, and effluent is to be autoclaved, incinerated, or properly sterilized by the permittee at the conclusion of the project as approved and prescribed by PPQ in the compliance agreement.
17. Valid for shipments of soil not heat treated at the port of entry, only if a Compliance Agreement (PPQ Form 519) has been completed and signed. Compliance Agreements and Soil Permits are non-transferable. Notify local USDA office promptly if the permittee leaves the company.
18. This permit authorizes shipments from all foreign sources, including Guam, Hawaii, Puerto Rico, and the U.S. Virgin Islands through any U.S. port of entry.
